SKILLS

• Languages:	C++, Python (Advanced), C, Java, SQL
• Web Technologies:	HTML, CSS, Tailwind CSS, Flask, Streamlit, REST API's
• Libraries:	Pandas, TensorFlow, Scikit-Learn, Matplotlib, SHAP, XGBoost
• Tools/Platforms:	MySQL, Power BI, MS Excel (Advanced), Linux(ubuntu), GitHub, Hadoop.
• Soft Skills:	Problem-Solving, Team Management, Adaptability, Leadership

PROJECTS

Customer Churn Intelligence & XAI System GitHub	Mar 2026
• Built an end-to-end XGBoost model achieving 85% accuracy on 7,000+ records. • Integrated NLP (TextBlob) sentiment analysis to boost model sensitivity by 12% and utilized SHAP to provide granular transparency into churn drivers • Automated the production lifecycle by implementing Joblib for model serialization and streamlining data preprocessing pipelines. Tech Used: Python, SHAP, XG boost, Seaborn	
Credit Risk Assessment & Default Prediction GitHub	Mar 2025
• Spearheaded a high-precision credit scoring model for 5,000+ applicants using Random Forest to maximize the ROC-AUC metric. • Engineered a feature pipeline including DTI ratios that improved high-risk identification by 15% while mitigating dataset bias • Visualized key risk drivers through feature importance ranking to facilitate automated, data-driven lending decisions Tech Stack: Python, Random Forest, Scikit-Learn	

PROFESSIONAL TRAINING

DSA+ Salesforce Training SkillStone (Grazitti Interactive)	Jan 2026-Jun 2026
• Completed an intensive industry-oriented training program covering Data Structures & Algorithms (C++) and Salesforce CRM fundamentals, emphasizing problem-solving and enterprise application concepts. • Strengthened expertise in Arrays, Linked Lists, Stacks, Queues, Trees, Graphs, Dynamic Programming, and algorithmic complexity, improving coding efficiency and logical reasoning. • Gained hands-on exposure to Salesforce platform fundamentals, including CRM concepts, data modeling, automation workflows, and business process optimization through practical assignments.	

CERTIFICATES

Social Networks NPTEL	May 2026
Oracle Data Platform 2025 Certified Foundations Associate Oracle	May 2026
Master Generative AI & Generative AI tools (ChatGPT & more) Infosys Springboard	Aug 2025
The Bits and Bytes of Computer Networking Coursera	Sep 2024

EDUCATION

Lovely Professional University	Phagwara, Punjab
Bachelor of Technology	Aug 2023 – Present
Computer Science and Engineering; CGPA: 7.13	
R.M Public School	Jammu, J&K
Intermediate (PCM)	Mar 2022 – May 2023
Heritage School Jammu	Jammu, J&K
Matriculation	Mar 2020 – May 2021
